

OCTOBER 3 2024

12H30 - 13H30 – VIRTUAL FORMAT (WEBEX)

Healthcare professionals in Switzerland: two years of the SCOHPICA project.

As a part of the SCOHPICA (Swiss COhort of Health Professionals and Informal CAREgivers) cohort symposium series, we are pleased to invite you to the conference presented by

SCOHPICA Team

During the last two years, over 5900 healthcare professionals participated in SCOHPICA. In this talk, we will discuss recent advancements in the SCOHPICA project and present main results, comparing them across the first two data collection years, i.e., 2022 and 2023. Furthermore, we will explore how various professional characteristics interact with well-being and the intention to stay in the profession. SCOHPICA continues to support the monitoring, planning and management of the Swiss health workforce by providing essential data to healthcare stakeholders.

Language: English
